Duke's Master of Engineering Management (MEM) Program was founded in 1997 with 13 students. Today, the program's diverse student body includes 137 students from over 100 colleges and universities around the world, each with a background in science or engineering.

Admissions Profile

- Applicants/Admitted/Enrolled: 1,617/337/137
- Average Age: 24
- Entering with Work Experience: 42%
  - Of those, Average Work Experience: 2.5 years
- Women: 39%
- 25% - 75% Range: GRE Verbal: 152-159
- 25% - 75% Range: GRE Quantitative: 160-166
- 25% - 75% Range: GRE Analytical Writing: 3.5-4.0
- 25% - 75% Range: TOEFL: 102-112
- 25% - 75% Range: Grade Point Average: 3.3-3.9

Student Distribution by Undergraduate Major

- Bioengineering: 3.5%
- Biomedical Engineering: 7%
- Chemical Engineering: 19.7%
- Civil Engineering: 7%
- Computer Science: 10.6%
- Electrical & Computer Engineering: 9.3%
- Industrial Engineering: 12%
- Mechanical Engineering: 20.4%
- Other Engineering Disciplines: 3.5%
- Other Disciplines: 7%

Countries Represented by MEM Students

- Algeria
- Chile
- China
- Colombia
- Ghana
- Iceland
- India
- Japan
- Jordan
- Malaysia
- Nigeria
- Pakistan
- Panama
- Taiwan
- Thailand
- Turkey
- United States
- Venezuela
