Admissions Volunteer Opportunity
Interested in helping our admission team bring in the next class of MEMers? Consider participating in the MEM Alumni Admissions Ambassadors Program! Now in its sixth year, the program allows alumni to take part in the admissions process by serving as an additional resource for select newly admitted students. Alumni are matched to admitted students based upon undergraduate institution, major, or industry of interest. Alumni make first contact, and admitted students reply with questions to learn about the program from a former student’s point of view.

Last year, participating alumni contacted almost 200 admitted students, and over half of those contacted joined the MEM program in the fall. You make a huge difference, and we hope to contact even more this year!

For more information and to sign up, visit, Alumni Ambassadors Program registration.

Internship Campaign
We are excited to share with you a goal that we have made again this year - increase the number of internships available to our Masters students. Internships are essential to each student as they try to develop skills needed for their industries of interest and complete their academic degree. A critical part of increasing the number of internship involves you, our alumni. By more actively engaging with you, we hope to develop sustainable relationships with companies and identify internships. You are a vital component to the success of our students and continuing the value of a Pratt education.

To submit an internship at your organization, or to contact Career Services about creating an opportunity, please utilize this form.

MEMP Alumni Profile Nomination
We are currently accepting alumni profile submissions to utilize in various alumni updates, marketing materials, websites, future communications, and to showcase career options to our current MEMP students. Nominate a fellow classmate today!
